On the banks of the Rappahannock,  
And the ancient King's highway,

May her shadow ne're grow less

# *Foreword*

The days have pushed onward, and another year has ebbed away at James Monroe. To each person who has lived it, this year will be entered as a new memory in the Memory Book of Life. Each person will remember it differently...some as a time of hard work and study, some as a time of fun and extra-curricular activities, and for some eighth graders a time of confusion and misgivings. Out of all these different memories two will remain in the minds of all...it was a year of learning and achievement. It is the sincere hope of the staff of the MONROE ECHO of 1961 that this book will aid in recreating the memories of this year to all who treasure them.

The time has come to say goodbye  
To friends and teachers too.  
But we will leave without a sigh  
For we have big things to do.

You see, we have a responsibility  
To our own country and the whole world too.  
Part of our job is to gain peace and liberty  
For all people, not just a few.

Doctors, nurses, lawyers, we'll be.  
Others professions will claim the rest.  
Perhaps one of us will reach the Presidency,  
But all of us will do our best.

So we're not sad at our going,  
Although we are leaving you.  
With God's help, we'll keep on growing  
And do the big things we have to do.

MYRTLE ANNE PATTERSON

## *Poems*

The time has come for us to go;  
For us to say good-bye.  
It's been a long, hard road; but yet,  
We leave here with a sigh.

Five long years of studying hard  
And many hours of fun,  
These make up the memories  
Of the Class of '61.

Our roads will bend and wind away,  
But friends we'll always be;  
Though we may never meet again--  
We'll have the memory.

We made our goals the highest star  
In the days while we were here,  
And someday we will find the way  
To make that star draw near.

As we go along the road of life;  
God, grant us the strength that we  
May always choose the wisest paths  
Through the days that are to be.

JANET ANN WOOLLEY

# *A Glance Into*

Now that we are reaching our first important goal of life, graduation from high school, we take the liberty to prophesy how later goals of life have been achieved. Join with us as we jump into the world of the future.

On the international scene, we see that PAUL SCOTT and KLAUS KREIENBÜHL are still furthuring international relations. Paul is now ambassador to Switzerland with LYNN DAVIS as his secretary. Klaus, as Swiss U.N. delegate, has finally convinced Switzerland to become a non-neutralist nation. He has just been recognized by KATHY CROUCH, President of the Assembly. JACKIE KAIN, U.N. interpreter is having trouble translating Klaus's speech. He seems to be getting his Swiss-German and his English mixed up. His speech is directed to TYSON VAN AUKEN, U.S. delegate to the U.N. SHARON THACKER, NANCY GARNETT, and VARINA JORDAN are now U.N. guides and are conducting tourists through the Assembly Chamber. There is BOBBY SMITH, international playboy, courting the guides.

Upon our arrival in Washington after our visit with Paul, we find DIANE FLEMING, CAROL WHETZEL, VIOLET MARKHAM, DELORES BROOKS, PHYLLIS SULLIVAN, and BEVERLY SACRA working in the Pentagon as secretaries. Also in Washington is SHARON HUDSON who is National President of the Professional Women's League.

We now visit Fredericksburg to see how the metropolis has progressed. We just obtained a copy of the FREDERICKSBURG HERALD, edited by CLINTON JONES. In the paper we find the syndicated columns "Advice to the Lovelorn" by ELLEN SULLIVAN and "How to Win at Bridge" by CAROL GOULDMAN.

In the movie review we see that JANET WOOLLEY carried her acting talent into her later life. She is playing the lead in the academy award winning picture "Walking Dynamite."

On the front page, we see that BEVERLEY HALL has just proved Einstein's theory incorrect. Working with Bev are assistants KATHY DAVIS and GLORIA ASHMAN.

Also on the front page is an article on a recent plane crash. In court yesterday, MIKE SHELTON, the designer, was questioned by federal investigator HOPE HOWARD. Appearing with Mike was his lawyer BILL MacCLARENCE.

On the news rack beside the FREDERICKSBURG HERALD we find the latest issue of VOGUE, edited by SANDRA YEAGER. On the cover is a very familar face. It looks like VIRGINIA MANN.

Now that we have reviewed the news, let's tour Fredericksburg's business district. The first sign shows us that one of our members has carried his notorious title into business: JACK BROOKS's Old Virginia Hams. With Jack is his favorite secretary CARYL LITMAN.

TOMMY MORRISON is now owner of the Mooseale Distributing Company. MILDRED CURTIS helps Tommy keep his records straight.

Walking in Woolworths, we meet the new manager, NICKY CALAMOS.

In the adjoining building we find marriage counselor TOMMY CALAMOS with his office assistant CAROLYN CORBIN.

Visiting the old bowling alley for a few games, we stop to talk to owner JACK ROUSE, when veteran race drivers CHARLES HERRON, BURT BROOKS, WINSTON BOWIE, and WENDELL BURGESS walk in. They have just finished making a tour of all the race tracks in the U.S.

The recreation made us hungry so we decide to visit BEVERLY PEACH's Delicatessen. Right after lunch we decide to stop by the office of Doctor FERRIS WAFLE. He has just finished treating BILLY LOUGHRIDGE, star quarterback for the Mayfield Browns Professional Football Team, for a broken ankle. Ferris told us that heart specialist SHARON BYNAKER has just received world-wide acclaim for the discovery of a cure for the dread heart disease, cardialgia.

That afternoon we visit K.T. SKINNER, owner of Skinner's Construction Company. In the reception room we find RAY CARPENTER talking to JEAN PERRY, K.T.'s secretary. Ray is giving his excuse for missing an employment exam. It seems that Ray was sick. K.T. is very fortunate to have one of the cities best electicians, DOUGLAS WATSON, to help him.

# *The Future*

We see a new addition to the city. NICKY LOPOMO has opened a night club. Its opening night features jazz pianist PATRICIA HUGHES, rock and roll guitarists KEY HOWARD and BILLY HARDENBURGH, and that fabulous vocal group composed of THERESA ANDERSON, BEVERLEY CLARKE, FRANK SODEN, and CHIP LIMBRICK.

There goes one of WINK THOMPSON's hearses. Looks like he has had another busy day at his funeral parlor.

Speaking of entertainment, we understand that JAY PAVLANSKY and BOBBY MYERS now teach dancing at Arthur Murray's Studios. It can be fun, can't it, boys?

Two of James Monroe's finest faculty members are CAROL INGALLS, the art instructor and MARY FRANCES SNELLINGS, the English teacher.

MARY VanSICKLE, having always enjoyed her life in Fredericksburg, has returned to help MYRABELLE WRIGHT do social work.

We were happy to hear that PENNY COLEMAN and DELORES FOSTER BROOKS are both still happily married. We also see that married life is not so easy for MARGARET HANCOCK, LILA WOOTTEN, ALMA FINES, and VALERY SMITH. They just finished sending their young husbands through college.

Running a print shop in Fredericksburg is DANNY ELKINS. Running from Danny is his secretary LINDA PRASSE.

Having visited all our old classmates in Fredericksburg, we decided to locate the others.

Arriving at International Airport in New York we see JEAN TRUSLOW, VERNELL SULLIVAN, and DONALD LeFEVRE just returning from the Olympics. Their hostess on the flight was JANE WOODBRIDGE. Jean won the shot-put, and Vernell won the pentathlon. Donald won the 20,000 meter walk. Looks like he finally perfected that strut.

We hear ELEANOR ATKINS is doing pretty well as owner of the Cock 'n Bull in Greenwich Village. BILL HEARD, "The Birdland King," seems to be drawing quite a crowd with his monologues.

CAROL GRONAU is stage manager for one of Broadway's top plays, "The Ghosts Go West."

While returning to Fredericksburg, we notice a forest fire blazing in the Blue Ridge Mountains. Forester MAURY WOLFF forgot to put out his campfire.

As we travel along, we notice several service stations selling Brand Y gasoline. These stations are part of the chain belonging to DONNIE HICKS and TERRY NIGHTENGALE. Keeping track of their numerous records is MYRTLE PATTERSON.

As we returned, darkness crept over the city. We decided to view the city at night. In one of the lesser populated areas, we find Fredericksburg's efficient new policemen, WAYNE GEORGE and LEE RICE busily checking parked cars.

There is SANDRA HUDSON, the only woman taxicab driver in Fredericksburg. Looks like she is still giving people rides. Her passenger is ALFRED ROTHSCHILD, who recently made history by becoming the first 6-star general in the Marine Corps.

Beautiful music pours from the new Fredericksburg Amphitheater. The Fredericksburg Philharmonic Orchestra, under the direction of RANDY ROSEBRO, is giving its first performance of the season.

Now that we have completed the tour, we reflect on what we have seen and are very pleased with the achievements of our former classmates.

## Purpose

Industrial Cooperative Training is a co-operative educational plan in which the business firms in the area co-operate with the high school to provide work opportunities and vocational training for high-school students. Training for this group is largely in the mechanical field. The purposes of the club are to provide social activities for the members and to serve as a channel to bring the work of the students to the District and State Conventions.

# Debate Team

## Purpose

The debating experience gained by the members of the Debate Team gives the students a chance to develop their speaking ability, to be well informed on important and current topics, and to be alert in their thinking. The students must be prepared to work hard, as it requires much thoughtful reading and the ability to grasp certain outstanding facts. In order to be a successful member of the Debate Team, the student must have a storehouse of background material on the selected subject, and be able to cultivate quick thinking. This past year the students worked on the three debate subjects submitted by the State Debate Leagues. When the national topic was selected, the debate members concentrated their work on: "Resolved: That the United Nations Should be Significantly Strengthened." Both the affirmative and negative team won three debates, tied one, and lost none. The teams went to the State Debate Tournament and won there.

Fredericksburg can well be proud of the Varsity Basketball Team of James Monroe High School this season. During the season this year, the team played its way to victory in regular play with an undefeated season, then went on to win the Battleground District Championship in Orange. The team next went to the Regional Tournament in Charlottesville but lost a hard-fought, well-played game to Buena Vista. Under the fine coaching of Graham Morris, the team worked and cooperated as a well-oiled unit. Even though most of the players graduated as Seniors this year, those players left give promise of an excellent team for James Monroe next year.

Sparkling, crystal clear cellophane has come a long way since it was used to package only luxurious items like fancy bon bons and rare perfumes. Today, cellophane is used in literally thousands of different applications by at least 60 major industries.

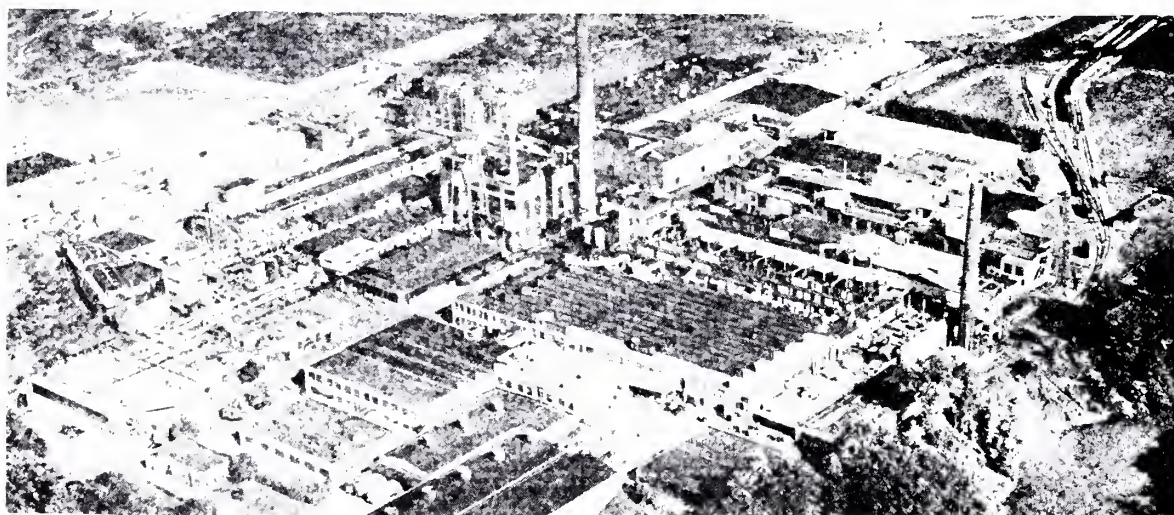

Much of the growth and progress of the cellophane industry is due to the fine work of Fredericksburg area people, many of them graduates of Fredericksburg area High schools. American Viscose Corporation congratulates the 1961 seniors and wishes them success.
